This brochure details specifications and features of the 2018 SsangYong Musso. Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. Not all features will be available on the entire 2018 SsangYong Musso range. Please visit our website www.ssangyong.com.au for more information. This brochure is designed to provide you with a general introduction to the SsangYong range of products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Image and Illustrations are for information purposes and are indicative only. Because of changes in conditions and circumstances SsangYong reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to withdraw permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for a description on the availability, ordering and use of features and optional equipment. Always consult an authorised SsangYong Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
Ready for serious work and play.

Designed to be tough and durable yet loaded with all the latest creature comforts. The new Musso is ready for whatever you throw at it.
The Musso’s body-on-frame high strength steel construction, powerful engine, massive 3.5 tonne* towing performance and load carrying capabilities, plus safety systems and driver aids, means this is one workhorse that won’t let you down, when the going gets tough.
The new Musso screams toughness, drawing from SsangYong’s 60-year heritage as a leader in 4x4 vehicles. The distinctive front end is led by a grille that takes its inspiration from the spread wings of a bird in flight. While the bold headlight units group together LED daytime running lights, high-intensity headlamps for better night vision, LED fog lights, positioning lamps and directional indicators.

RUGGED YET HANDSOME

High-intensity-discharge headlamps for excellent night vision; LED daytime running lights, positioning lamps and directional indicators.

Extra repeater and puddle lamp mounted on the back of the outside mirror.

#Vehicle shown with optional accessories

FRONT STYLING
Being a commercial vehicle with a load space fit for a thousand tasks doesn’t stop Musso looking good from every angle. The rear end has the same purposeful design as the front, with stylish LED lights and the SsangYong ‘shoulder wing’ image on the rear tailgate.

The bed is coated with an inner cover for protection, while a foldable tie-down ring is placed at each corner of the truck bed to secure cargo. In addition, an outlet is mounted near the reinforced tailgate to provide electrical power for tools and other devices.

**ALL ROUND GOOD LOOKS**
The interior of the new Musso is built for work or play. The soft-textured nappa leather seats in the Ultimate version can be adjusted to three different firmness settings and are heated front and rear. There’s plenty of room to seat five passengers comfortably. It has excellent NVH levels too. The ergonomic seats ensure a comfortable fit for the users, helping to reduce fatigue on long trips. Handy pockets are built into the doors front and rear to keep maps, water bottles and other essentials within easy reach. In front, the centre console is equipped with a USB port, power outlet, and pair of cup-holders are also placed in the second row.

The interior package is available in three colour schemes:
- Black seats with grey headlining
- Brown seats with black headlining
- Black seats with black headlining
TECHNICALLY BRILLIANT

3D Around-View Monitoring System

This system makes parking easier and safer giving the driver confidence even in the tightest of spaces. The centre display provides an aerial view of the vehicle and any obstacles in the immediate surroundings.

Multimedia

There is a choice of two advanced infotainment systems depending on which spec level you choose. The Ultimate and ELX models come with: AM/FM radio with RDS, Apple CarPlay® and Android Auto to connect your smartphones, MP3, M4A, OGG, FLAC and WAV file format play, USB port.

Supervision Cluster

An ingenious array of essential information and safety features displayed on a large 7-inch TFT-LCD display. Provides quick, easy access to a whole range of important information, including a whole range of safety warnings such as lane departure warnings, parking sensors, navigation assist, tyre direction warnings and smart power tailgate warnings.

TRIP COMPUTER DISPLAY

- Regular mode
- Animation mode
- RPM-linked mode

APPLE CARPLAY® AND ANDROID AUTO®

Anyone with an Apple or Android phone can now easily connect to the multimedia system to make calls, check messages, listen to music and navigate via the car’s display screen.

The cabin is spacious and luxurious with plenty of shoulder and headroom for five adults. Legroom in the rear is especially generous with a flat floor and rear seats that are able to recline up to 27 degrees. With ventilated and heated seats*, the Musso is a great place to be, rain or shine.

### ROOM FOR THE WHOLE CREW

- 8-way power-adjustable driver’s seat
- 6-way power-adjustable front passenger’s seat*
- Ventilated front seats*
- Heated front and rear seats*

*Musso Ultimate model only

Space to spare in the second row

Rear seats recline 27 degrees to make the ride as relaxing as can be.

**Ventilated front seats**

**Heated front and rear seats**
The Musso employs the latest state-of-the-art active safety systems that not only detect but actively avoid possible hazards.

**Blind Spot Detection (BSD)**
Detects vehicles coming up in the blind spot behind or alongside and warns the driver with a flashing light on the outside mirror.

**Lane Change Assist (LCA)**
Detects other vehicles approaching from behind and flashes a warning light on the outside mirror, alerting the driver.

**Rear Cross-Traffic Alert (RCTA)**
Assists the driver when reversing by detecting the presence of vehicles or obstacles.
3.5 Tonne Towing Capacity

A high ratio spread optimises shift quality under diverse road conditions. Control of changes is accentuated, making the automatic transmission to shift smoothly. The Manual mode (shifting up or down) delivers rapid responsiveness for a more dynamic driving performance.

With a tough body-on-frame design, high strength steel construction and impressive 400Nm of torque the new Musso - in automatic form - can tow a massive 3.5 tonnes. That's serious pulling power.

The axle is connected on the left and right to provide a smooth ride even when the road surface gets rough. Such a system is preferred for off-road operation.
SAFETY ALWAYS A PRIORITY

When it comes to safety, the Musso is well equipped to protect your most precious cargo.

The Musso comes equipped with six airbags, including curtain airbags. The electronic stability programme monitors road conditions and vehicular status constantly, adjusting engine output and braking whenever the driver is about to lose control. The new Musso also comes with a locking differential system to provide better traction on steep and slippery gradients, and to increase towing performance.

- Electronic Stability Programme (ESP)
- Anti-Rollover Protection (ARP)
- Brake Assist System (BAS)
- Emergency Stop Signal (ESS)
- Hill Descent Control (HDC)
- Hill Start Assist (HSA)

6 AIRBAGS

1. Driver’s airbag
2. Passenger’s airbag
3, 4. Driver’s & passenger’s side airbags
5, 6. Curtain airbags

On muddy or snowy surfaces, one wheel may slip or be lifted into the air. In this case, the locking differential forces both wheels on an axle to turn in unison, allowing the vehicle to recover its traction.
The Musso body is mounted on the new concept ‘Quad Frame,’ which minimises most of the noise from the road surface and engine noise to the interior. The ‘Quad Frame’ has also been engineered specifically to minimise the injury to occupants in a collision. The body has been reinforced as well with stronger materials and expanded section sizes.

High-density, high-tensile-strength steel plate makes up 79.2% of all the steel plate used in the body chassis, providing superb rigidity and protection against deformation in a collision.

Unlike with a monocoque structure, the engine and suspension system are attached directly to the frame, blocking the heavy shock experienced when traveling over rough road surfaces or speed bumps and ensuring maximum handling stability.

The ‘crash zone’ refers to the part of the frame that conveys the most shock from a frontal collision. This ‘box’ is designed to absorb that force, thereby protecting the people inside.
Built tough with high strength steel construction, powerful engine, massive towing performance and loaded with all the latest creature comforts, the new Musso is ready for whatever you throw at it.
MUSSO FEATURES AND APPOINTMENTS

- Remote controlled windows with smart key
- Automatic closing system
- Headlamp escort function
- Bed dimensions
- Cluster with 3.5” trip computer
- Manual air-conditioner
- Outside temperature display

- Remote control switches and cruise control system on the steering wheel
- 2 din audio with MP3 player
- Telescopic steering wheel system
- Tilt steering wheel system

- Welcome system
- Safety powered windows
- Front fog lamps
- Pole antenna
- 6” smart audio
- Fashionable roof rails
- Tyre pressure monitoring system

- Parking assist system
- Manual sun visor
- Headlamp control and automatic wash/ wiper switches
- Integrated switch module
## FEATURES AND CONVENIENCES

- Glovebox and centre console box
- Door map pocket
- Assist grips on the B pillar
- Deck power outlet
- USB port and power outlet
- Brown seats with black headlining
- Black seats with grey headlining
- Black seats with black headlining

## WHEELS AND COLOUR GUIDE

### WHEELS
- 20" Alloy Wheel
- 18" Alloy Wheel
- 17" Steel Wheel

### EXTERIOR COLOUR
- Grand White (WAA)
- Indian Red (RAJ)
- Silky White Pearl (WAK)
- Fine Silver (SAF)
- Atlantic Blue (BAU)
- Marble Grey (ACM)
- Maroon Brown (OAW)
- Space Black (LAK)

### INTRIOR COLOUR
- Nappa leather
- TPU (thermoplastic polyurethane)
- Flat woven

### FEATURES AND CONVENIENCES
- Deck hook
- Door step lamps
- Front camera module with parking assistance
- Rain-sensing and automatic light control unit
- 2nd row cup-holder
- Sunvisor
- Dual smart key
- Overhead console
